

# TRAVELS WITH A BRUSH

## VOLUME 3 : KENT AND SUSSEX

A JOURNEY AROUND THE SOUTH EAST OF ENGLAND IN WATERCOLOURS

BY BRIAN TUCKER

# Travels with Brush -Kent and Sussex

For many years we have travelled around the World, be it on Business or Leisure and enjoyed the wonderful people, scenery, and experiences that we have had.

But as well as enjoying travel overseas being home here in Kent in the UK gives us many great places to visit as well, with beautiful coasts and countryside to enjoy.

This the third volume in the Series "Travels with a Brush" is thus all about Kent and some nearby places in Sussex.

It isn't a travel guide this time but just a collection of my watercolours painted over many years.

Kent has had a long and varied history, and a significant role in the development of England and the UK.

The watercolours aren't in any special order and represent just a small number of the paintings that I have created over many years. You can find more watercolours by me at

I hope you will enjoy this ramble through Kent and Sussex and as always I would love to get any comments you may have.
